Polyimide film insulating tapes

<u>Color</u>	<u>Temp</u> <u>(°C)</u>	<u>Functional</u> <u>Use +</u>	<u>CTI</u> <u>ASTM</u> <u>D3638</u>	<u>CTI</u> <u>IEC</u> <u>112</u>	<u>Exposed</u> <u>Side</u>
Amber	155	A, E, I, J	-	-	-

- A - Tape is used as a dielectric insulator (in dry locations)
E - Tape to steel adhesion provides sole means of securement to maintain position and/or spacings
I - Tape is used in applications where it will be subjected to compression forces
J - Tape is used in applications where flammability is a concern

+ - See the Guide Information for alphabetical end-use Functional Use codes.
