

tesa 62204

product information

Colored Filmic Packaging Tape

tesa® 62204 is based on a stable sPVC backing, coated with a natural rubber adhesive. The natural rubber adhesive mass offers excellent adhesion properties to a large number of different surfaces, both polar and non-polar. The adhesive also features a high tack and high initial bond, needing only a short time until reaching final adhesive power. Handling and usage is convenient, as tesa® 62204 can generally be used on all common desk dispensers and can be removed after use without leaving any residues behind. The tape is available in multiple different colors, making it ideal color-coding or marking.

Main Application

- tesa® 62204 is ideally used to seal smaller objects such as boxes or cans
- The sealing tape is regularly used in bakeries or flower shops to seal small bags or wrap flower bouquets
- The tape is ideal for small-scale packaging, bundling, and closing
- Due to the availability of various bright colors, the tape can be used for marking or color-coding

Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

Technical Data

• Backing material	PVC film	• Elongation at break	80 %
• Total thickness	63 µm	• Tensile strength	43 N/cm
• Type of adhesive	natural rubber		

Adhesion to

- steel 3.0 N/cm

Additional Information

tesa® 62204 is currently only available in red. Other colors will follow soon.
